Dorothy, Lagayla,

I have not located the original control folder. However, it appears we have already responded. We received this letter and placed it in a file with other citizen inquiries, with the intent to respond to them all in a mailout. Attached is that mailout in which you will find among other citizen responses, letters to both David and Carol Warren dated 12-13-12. I hope this is sufficient to address the control. If not, let me know. Thanks.

LaGayla / Dorothy - I believe a previous response has been sent out on this issue to Ginger Cook (sent directly by 6WQ to citizen - I do not have a copy to share). That same response (addressed to Ms. Warren) could be used to close this control. Darlene
